

# Zamboni Electric Edger EZ III

The Power to Perform

**ZAMBONI**<sup>®</sup>  
Nothing else is even close

## Get an edge with these features:

Wide 14-inch (356 mm) cut includes eight-sided cutters.

Powered by three 12 V batteries for zero emissions and quiet operation.

- 36 volt, 100 amp continuous electrical system.
- Powerful 6.5 HP (4.8 kW) electric motor at 36 volts.
- Wide 14-inch (356 mm) cut includes eight-sided cutters that last longer and reduce replacement time and cost.
- Contoured snow chute directs snow toward center of ice, away from the boards and operator. Replaceable board guide is standard.
- Heavy duty steel plate body and runners provide stable "wander-free" control. Baked-on powder paint and zinc electroplating is used throughout for corrosion protection.
- Rubber wheels raise the machine up for transport away from the ice.
- Motor and depth controls are located on the handle near the operator. Plastic bushings and spherical bearings ensure trouble-free operation.
- 12 volt absorbent glass mat batteries approved for air, ground, or water transport.
- Weight: 250 pounds (113 kg) including batteries.
